

MISA BLITZ BULLETIN 3

7 SEPTEMBER 2010

UPDATE ON THE DISPUTE AND THE STRIKE ACTION

The parties had yet another round of negotiations on Monday, 06 September 2010 under the facilitation of the CCMA. Attempts to reach an agreement stretched into the early hours of the morning with no clear progress.

The process is aimed at facilitating an agreement through a smaller group representing all the parties.

The stumbling blocks as mentioned in the previous bulletin remain unresolved and in light of those, MISA tabled a proposal for consideration by the employers to which they will respond to during the course of this morning. The same applies to the NUMSA position.

The biggest concern is still the level of intimidation and now potential escalation of sporadic violence towards non-striking members/employees.

These issues are dealt with on an urgent matter as MISA is informed of such incidences. The daily MIBCO strike committee is also continuing to report and address the issues as received countrywide.

MISA trust that people will start acting in a responsible and respectful manner and that an agreement is put in place rather sooner than later before the issues escalate further.

MISA members who are being intimidated by either striking employees or employers should inform us immediately so MISA can intervene where possible.

We will keep members updated with progress on a daily basis.
